

## Installing your ITBUREAU 2020 Design Catalogue (Version 8, 9 only)

The following steps will install the ITBUREAU executable (EXE) catalogue on your system and assure that catalogue is visible in menu after expiration period.

Please see that this is installed on EACH computer that uses the 2020 Design software and catalogue, if you are uncertain of this process please see your IT support person.

**NOTE:** Both ITBUREAU and NZCAT2 are visible only to 2020 Design Users on our maintenance and support (M&S) program. Please contact a member of the team if you wish to subscribe to the service.

Catalogue is available for download from the following link (**or from our website [www.2020design.co.nz/services/catalogues](http://www.2020design.co.nz/services/catalogues)**):
